### **Polycom VVX User Guide for MaxCS 7.5**

Updated 3/19/2015 - Steps to perform a blind transfer.

This guide shows users of Polycom VVX model IP phones how to use the phones with MAXCS Release 7.5. It describes how to perform most common tasks, such as placing calls, answering calls, putting calls on hold, transferring calls, starting conference calls, and how to use these phones with AltiGen client applications such as MaxAgent and MaxSupervisor.
