

AudioCodes MP-11x/MP-124 Configuration for MAXCS 8.5.1

Updated 1/22/2019 - clarified which ports are lost for a TLS configuration.

This guide describes how to configure FXS, FXO, FoIP, PSTN Survivability (SAS), Centrex support, and TLS support for MAXCS 8.5 deployments using an AudioCodes MP-11x or MP-124 gateway.
